STATEMENT FROM CALAPA CHAIRMAN ON LEGISLATIVE PASSAGE OF \$52 BILLION TRANSPORTATION INVESTMENT BILL

Following legislative approval on April 6 of SB1, authored by state Sen. Jim Beall, D-San Jose, a comprehensive transportation investment measure, 2017 CalAPA Chairman Mike Herlax released the following statement:

“This transportation bill, the most significant legislation of its kind in a quarter-century, will reverse years of neglect and boost our state’s economy, mobility and quality of life. I’m proud of the tireless efforts of CalAPA members over the past several years to keep this important issue in front of our elected officials and demand action. This is a big win for our industry, our agency partners and every Californian.”
